Every user in excess of the Quantity provided under this Order Form who is added by Customer during the Service Term will incur an additional fee ("True-Up Fee"). The True-Up Fee will be due and payable, on the payment terms listed above, via an invoice issued on the next quarterly anniversary of the Service Start Date after the user is added ("Quarterly True-Up Date") and covering the period from the Quarterly True-Up Date through the end of the Service Term. It will be calculated based on the applicable Monthly Net Price hereunder plus a 0% monthly overage fee per user, provided that, on a monthly basis, the portion of the True-Up Fee attributable to the user's seat subscription may not exceed the applicable list price. For clarity, Airtable reserves the right to charge Customer the True-Up Fee for users who were added by Customer but, in Airtable's reasonable discretion, were de-provisioned in order to avoid a True-Up Fee or otherwise circumvent Airtable's pricing or account limitations.Customer will inform Airtable if Customer wishes to add users into the scope of this Order Form in connection with a merger or acquisition transaction involving Customer, and/or add an existing Airtable customer (or an existing Airtable customer's Permitted Users) into the scope of this Order Form. The parties will then work together in good faith to execute a new Order Form to account for such additional users, provided that the fees for such additional users will be

greater than or equal to, and the service term applicable to such additional users will be at least as long as, those remaining under Customer's existing agreement(s) with Airtable.

- Notwithstanding anything to the contrary, if Customer has any outstanding or unpaid invoices, Airtable reserves the right to withhold processing of this Order Form and provisioning the user seat subscriptions hereunder until such invoices are fully settled.
- This Order Form is governed by and subject to the Master Subscription Agreement at airtable.com/msa
- Renewal. This Service Term will not automatically renew, and will only renew upon the mutual written agreement of Airtable and Customer. If the parties do not enter into such an agreement, then, until such time as Customer deactivates the services or provides Airtable with written notice of non-renewal, Airtable may either suspend Customer's access to the services or maintain such access and bill Customer on a month-to-month basis at the applicable Monthly Net Price for the number of users purchased (including via True-Up Fees) in the Service Term.
